INFORMATION CIRCULAR

FOR THE ANNUAL GENERAL AND SPECIAL MEETING OF SHAREHOLDERS TO BE HELD ON JUNE 13, 2019

PROXY SOLICITATION MATTERS

Purpose of Solicitation

This management information circular (this “Information Circular”) is furnished in connection with the solicitation of proxies by the management of Eastern Platinum Limited (“Eastplats” or the “Company”) for use at the annual general and special meeting (the “Meeting”) of the holders (the “Shareholders”) of common shares of Eastplats (the “Common Shares”).

The Meeting will be held at the offices of Fasken, Building 2 Inanda Greens, 54 Wierda Road West, Sandton, Johannesburg, 2196, South Africa, on Thursday, June 13, 2019 at 10:00 a.m. in South Africa (1:00 am PDT) and at any adjournments thereof for the purposes set forth in the accompanying notice of meeting (the “**Notice of Meeting**”). Information contained herein is given as of May 6, 2019 unless otherwise specifically stated.

Solicitation of proxies will be primarily by mail but may also be by telephone, facsimile, other electronic means or in person by directors, officers and employees of the Company who will not be additionally compensated. Brokers, nominees or other persons holding Common Shares in their names for others shall be reimbursed for their reasonable charges and expenses in forwarding proxies and proxy material to the beneficial owners of such shares. The costs of soliciting proxies will be borne by Eastplats.

Appointment and Revocation of Proxies

Enclosed herewith is a form of proxy for use at the Meeting. **The persons named in the enclosed form of proxy are directors and/or officers of the Company. Each Shareholder has the right to appoint a person or company, other than the person or company designated in the form of proxy, who need not be a Shareholder, to represent the Shareholder at the Meeting, including to attend and to act for such Shareholder and on such Shareholder’s behalf at the Meeting. To exercise such right, the names of the nominees of management should be crossed out and the name of the Shareholder’s appointee should be legibly printed in the blank space provided.**

A form of proxy will not be valid for use at the Meeting or any adjournment thereof unless it is signed by the Shareholder or by the Shareholder’s attorney authorized in writing or, if the Shareholder is a corporation, it must be executed by a duly authorized officer or attorney thereof. In order for the form of proxy to be acted upon, Shareholders on the Canadian register must deposit the form of proxy with Computershare Trust Company of Canada, the registrar and transfer agent of the Common Shares, by mail at 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 or hand delivered to 3rd Floor, 510 Burrard Street, Vancouver, British Columbia, V6C 3B9 not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time set for the holding of the Meeting or any adjournment or adjournments thereof. Proxies may also be voted by telephone, fax or on the internet as detailed on the proxy form.

Certificated Shareholders and own-named registered dematerialised Shareholders on the South African register must send their signed form of proxy to the Company’s South African transfer secretaries, Link Market Services South Africa Proprietary Limited, 13th Floor, 19 Ameshoff Street, corner Biccard, Braamfontein, Johannesburg, 2001, South Africa (PO Box 4844, Johannesburg, 2000), to be received by them by not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time set for the holding of the Meeting and any adjournment or adjournments thereof in order for the proxy to be acted on.

Dematerialised Shareholders on the South African register, other than own-name registered dematerialised Shareholders, who wish to attend the Meeting in person will need to request their Central Securities Depository Participant (“CSDP”) or broker to provide them with the necessary letter of representation in terms of the custody agreement entered into between such Shareholder and their CSDP or broker. Dematerialised Shareholders, other than own-name registered dematerialised Shareholders, who are unable to attend the Meeting and who wish to be

represented thereat must provide their CSDP or broker with their voting instructions in terms of the custody agreement entered into between such Shareholder and their CSDP or broker in the manner and time stipulated therein.

A Shareholder who has given a proxy may revoke it prior to its use, in any manner permitted by law, including by instrument in writing executed by the Shareholder or by his or her attorney authorized in writing or, if the Shareholder is a corporation, executed by a duly authorized officer or attorney thereof, and deposited at the registered office of the Company at any time up to and including the last day (not including Saturdays, Sundays and statutory holidays observed in Vancouver, British Columbia) preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used or with the chairman of the Meeting on the day of the Meeting or any adjournment thereof.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to in this Information Circular as “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders whose names appear on the records of Eastplats as the registered Shareholders can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder’s name on the records of Eastplats. Such Common Shares will more likely be registered under the names of the Shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting Common Shares for the broker’s clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person well in advance of the Meeting.**

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”). Broadridge typically mails a scannable voting instruction form in lieu of the form of proxy. The Beneficial Shareholder is requested to complete and return the voting instruction form to them by mail or facsimile. Alternatively, the Beneficial Shareholder can call a toll-free telephone number or visit www.proxyvote.com to vote the Common Shares held by the Beneficial Shareholder. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A Beneficial Shareholder receiving a voting instruction form cannot use that voting instruction form to vote Common Shares directly at the Meeting as the voting instruction form must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for a registered Shareholder and vote the Common Shares in that capacity. Beneficial Shareholders who wish to attend at the Meeting and indirectly vote their Common Shares as proxyholder for a registered Shareholder should enter their own names in the blank space on the instrument of proxy provided to them and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

The Company intends to send proxy related materials to non-objecting beneficial owners under National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer*. The Company will pay for the costs of delivery of proxy related materials to objecting beneficial owners. The Company is not using notice-and-access procedures for distributing proxy related materials to Shareholders.

Voting of Proxies

All Common Shares represented by properly executed and deposited proxies will be voted or withheld from voting in accordance with the instructions contained therein. **If no choice is specified with respect to any matters referred to herein, the persons whose names appear on the printed form of proxy will vote in favour of the matters to be considered by Shareholders at the Meeting. The enclosed form of proxy confers discretionary authority upon the persons named therein. If any other business or amendments or variations to matters identified in the Notice of Meeting properly comes before the Meeting, then discretionary authority is conferred upon the person appointed in the proxy to vote in the manner they see fit, in accordance with their best judgment.**

As of the date hereof, the management of Eastplats know of no such amendment, variation or other matter to come before the Meeting other than the matters referred to in the Notice of Meeting.

Record Date

The board of directors of Eastplats (the “**Board**”) has fixed May 6, 2019 as the record date for the Meeting for Shareholders on the Canadian register and May 3, 2019 for Shareholders on the South African register to receive notice of the Meeting in South Africa. Shareholders on the Canadian register at the close of business on May 6, 2019 are entitled to receive notice of the Meeting and to vote thereat and at any adjournment or adjournments thereof on the basis of one vote for each Common Share held.

Shareholders of record on the South African register at close of business on June 7, 2019 are entitled to vote at the Meeting and at any adjournment or adjournments thereof on the basis of one vote for each Common Share held. The last day to trade for Shareholders on the South African register to be Shareholders of record on the South African register is June 4, 2019.

Corporate Cease Trade Orders or Bankruptcies

Except as disclosed herein, to the knowledge of the Company, none of the proposed directors, or a Shareholder holding a sufficient number of securities to affect materially the control of the Company is, or within ten years before the date of this Information Circular, has been, a director, officer, insider or promoter of any other issuer that while that person was acting in that capacity:

- (a) was the subject of a cease trade or similar order, or an order that denied such issuer access to any statutory exemptions for a period of more than 30 consecutive days; or
- (b) became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Ms. Hu was the Chief Executive Officer of the Company when she became the subject of a management cease trade order issued by the British Columbia Securities Commission on April 4, 2017 for the Company's failure to file annual financial statements, management's discussion and analysis, certification of annual filings and an annual information form for the year ended December 31, 2016. The management cease trade order was revoked on June 15, 2017.

Mr. Dorin was a director of Huaxing Machinery Corp. ("**HUA**"), which had a cease trade order issued against it on February 26, 2015. Due to its declining financial position, HUA's subsidiary operating company in China was unable to fund HUA, a reporting issuer that traded on the TSX Venture Exchange (TSXV: HUA), and thus was

unable to provide the ongoing regulatory and financial reporting required by the British Columbia Securities Commission. As a result, HUA was unable to complete an audit of its financial statements for the fiscal year ended December 31, 2014, which was to include restated financial statements for the prior year. HUA was moved to the NEX during May 2016 and subsequently delisted.

Mr. Dorin is also a director of China Keli Electric Co. Ltd. (TSXV: ZKL) (“ZKL”), which had a cease trade order issued against it by the British Columbia Securities Commission on September 8, 2014 for failure to timely file its audited consolidated financial statements for the year ended April 30, 2014. ZKL filed its audited consolidated financial statements for the year ended April 30, 2014 and the cease trade order was revoked by the British Columbia Securities Commission on July 15, 2015. A further cease trade order was issued against ZKL by the British Columbia Securities Commission on October 30, 2018, for failure to timely file the audited consolidated financial statements of ZKL for the year ended April 30, 2018. ZKL has since filed such financial statements, as well as interim financial statements for the interim periods ended July 31, 2018 and October 30, 2018 and has applied to the TSXV to revoke the cease trade order.

Penalties or Sanctions

To the knowledge of the Company, no proposed director, officer, promoter or control person of the Company has:

- (a) been the subject of any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or
- (b) been subject to any other penalties or sanctions imposed by a court or regulatory body, including a self-regulatory body that would be likely to be considered important to a reasonable securityholder making a decision.

Personal Bankruptcies

To the knowledge of the Company, no proposed director, officer, promoter or control person of the Company has, within the past ten years, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or been subject to or instituted any proceedings, arrangement, or compromise with creditors or had a receiver, receiver manager, or trustee appointed to hold the assets of that individual.

Conflicts of Interest

Conflicts of interest may arise as a result of the directors and officers of the Company holding positions as director or officers of other companies. Some of the directors and officers have been and will continue to be engaged in the identification and evaluation of assets and businesses, with a view to potential acquisition of interests in businesses and companies on their own behalf and on behalf of other companies, and situations may arise where the directors and officers will be in direct competition with the Company. Conflicts, if any, will be subject to the procedures and remedies under the *Business Corporations Act* (British Columbia) (the “Act”).

IV. Continuation of Option Plan

The compensation and corporate governance committee believes that incentive compensation in the form of option grants is necessary to attract and retain senior executives, managerial talent and directors. The current “rolling” stock option plan of the Company which was last approved by the Shareholders at the Company’s October 12, 2016 Special Meeting (the “**Option Plan**”) is an important element of the Company’s compensation program and under the terms of the Option Plan, in order for such plan to remain effective it must receive shareholder approval at a duly called meeting of the holders of Common Shares of the Company every three years. The Board will be seeking such shareholder approval at its 2019 annual general meeting of Shareholders. The Option Plan is also subject to regulatory approval. A copy of the Option Plan has been filed on the Company’s SEDAR profile on September 21, 2016 and is available for download at www.sedar.com. For convenience we also attached the Option Plan to this Information Circular at Appendix “B”.

As at May 6, 2019, there were 92,639,032 issued and outstanding Common Shares of the Company and 10% of these Common Shares are available for Share Option Grants or 9,263,903. As at May 6, 2019, there were 2,050,000

options outstanding (representing 2.21% of the current issued and outstanding Common Shares) under the Option Plan. Upon approval of the continuation of the Option Plan, options to purchase a total of 7,213,903 Common Shares will be available for grant representing 7.78% of the issued and outstanding Common Shares.

For a summary of the material terms of the Option Plan, see Section titled “*Option Plan*” on page 20 of this Information Circular.

Shareholder Approval

At the Meeting, Shareholders will be asked to consider and, if deemed advisable, to pass, with or without variations, an ordinary resolution to authorize the continuation of the Company’s Option Plan for a further three years, in substantially the form set out below (the “**Option Plan Resolution**”).

Pursuant to the provisions of the BCBCA, the Option Plan Resolution must be approved by a majority of the votes cast in respect thereof by Shareholders present in person or by proxy at the Meeting.

The following is the text of the Option Plan Resolution which will be put forward to Shareholders for approval at the Meeting:

“BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT:

2. The Company shall have the ability to grant stock options until June 13, 2022, which is the date that is three years from the date of the shareholder meeting at which shareholder approval is being sought.
3. Any director or officer of Eastplats is hereby authorized and directed, for and on behalf of Eastplats, to take all necessary actions and to execute and deliver, or cause to be executed and delivered, all such other documents, deeds, instruments and certificates that it considers necessary or desirable in order to give effect to this resolution.”

V. Appointment of Auditor

The Board recommends, on the advice of the Audit Committee, that PricewaterhouseCoopers LLP be appointed as auditors of the Company, at a remuneration to be fixed by the Board. PricewaterhouseCoopers LLP was appointed by the directors of the Company as auditor of the Company commencing August 2, 2017, and was re-appointed by the Shareholders on June 14, 2018.

Management recommends that PricewaterhouseCoopers LLP be appointed as auditor of the Company until the next annual general meeting of Shareholders. It is the intention of the persons named in the enclosed form of proxy, if not expressly directed to the contrary in such form of proxy, to vote such proxies FOR the appointment of PricewaterhouseCoopers LLP as auditors.

In accordance with the requirements of applicable securities legislation in Canada, the following executive compensation disclosure is provided in respect of: (a) each person who served as the Company's Chief Executive Officer (the "CEO") and Chief Financial Officer (the "CFO") during the 2018 fiscal year; (b) the three most highly compensated executive officers of the Company (other than the CEO and CFO) and its subsidiaries whose annual aggregate compensation for the 2018 fiscal year exceeded \$150,000; and (c) each individual who would be included under (b) above but for the fact such individual was not an executive officer of the company or its subsidiaries at the end of the financial year (each, a "NEO" and collectively, the "NEOs").

Compensation Discussion and Analysis

The Board's Corporate Governance and Compensation Committee (the "Committee") is responsible for overseeing compensation for the Company's executive officers and making recommendations in respect thereof to the Board, consistent with the Company's compensation philosophy and compensation and corporate governance best practices. The Committee executes its mandate in consultation with management and a review of comparable companies in the industry in which the Company operates. The Board, however, makes the ultimate decisions with respect to executive compensation upon consideration of the Committee's recommendations.

Compensation for executive officers is reviewed annually. The Committee approved updated mandates in November 2017. The Company reviews appropriate comparable companies and used these for benchmarks for the directors and officers.

Ms. Diana Hu, was appointed as the Chief Executive Officer and President on July 27, 2016.

Mr. Rowland Wallenius was appointed as the Chief Financial officer and Corporate Secretary on November 25, 2016.

In accordance with applicable securities laws, each of these individuals is among the Company's "Named Executive Officers" or "NEOs" in respect of whom 2018 compensation is disclosed below.

During 2018 the Committee met once following a very detailed review the previous year in which they met three times. During 2018 the Committee reviewed all key compensation issues for the directors and the executive officers and based on those discussions, the Chair made recommendations to the Board. The purpose of the Company's compensation program is to provide incentives to attract, motivate and retain qualified and experienced executives, to ensure their interests are aligned with the interests of Shareholders of the Company and to provide for transparent and defensible compensation. The compensation program is designed to incentivize such executives to achieve the annual and long-term business goals of the Company and to reward each executive officer for his/her achievements on the basis of individual, group and corporate performance.

The three principal elements that make up the compensation program are base salary, long term incentives and cash bonuses. In the normal course, total executive compensation for NEOs (base salary, stock options and cash bonuses) is targeted at the median quartile of market. During the transition year, the Company required immediate assistance, which is reflected in the numerous interim NEOs following the proxy contest. The Board then set about seeking and retaining long-term personnel. Stock options have traditionally been awarded on an annual basis and grants are based on a number of factors, including individual and corporate performance, retention considerations, and performance motivation.

The base salary established for each executive officer is intended to reflect each individual's responsibilities, experience, prior performance and other discretionary factors deemed relevant by the Board. The incentive stock option portion of the compensation is designed to provide the executive officers of the Company with a long term incentive in developing the Company's business. Options granted under the Company's stock option plan are approved by the Board and, if applicable, its subcommittees, after consideration of the Company's overall performance and whether the Company has met targets set out by the executive officers in their strategic plan.

The Committee oversees the implementation of the Company's executive compensation policies and philosophy, reviews the adequacy and form of compensation and/or benefits for directors and executives, assesses the individual performance of the Company's executives, and makes recommendations to the Board. The Committee also assesses

corporate and individual performance, recruiting and retention needs, and makes recommendations to the Board in respect of them. Based on these recommendations, the Board makes decisions concerning the nature and scope of the remuneration for directors and executive officers as well as other employees and consultants.

The Committee also administers and makes recommendations to the Board with respect to the Company's stock option plan. The Company may also grant incentive stock options from time to time in accordance with the terms of its stock option plan. The purpose of granting such options is to assist the Company in compensating, attracting, retaining and motivating the directors of the Company and to closely align the personal interests of such persons to those of the Shareholders.

The Committee may seek independent compensation advice where appropriate from external consultants in order to assist it in assessing executive remuneration levels and aligning directors and executive remuneration packages with comparable market compensation. During 2017 and to date the Committee has not engaged such external advice. During 2019 the Committee has undertaken a review of comparable compensation of other reporting issuers but has not finalized any recommendations to the Board.

Effective September 21, 2017 a former director Douglas Perkins was appointed as Chair of the Committee but resigned in February 2018 and was replaced on the Committee by Michael Cosic on March 27, 2018. On March 28, 2018 a former director Sam Wang resigned. Following the June 14, 2018 annual general meeting of Shareholders, George Dorin, Michael Cosic and Xin (Alex) Guan were all appointed to the Committee. At this time, all of the members of the Committee are independent. The Committee is made up of the following members, all of whom have prior experience in dealing with compensation matters:

George Dorin (Chair) July 5, 2016 – present

Michael Cosic March 27, 2018 – present

Xin (Alex) Guan June 14, 2018 - present

Mr. Dorin is a CPA, CA, holds an MSc(Econ), FCSI, and CF and has over 40 years of broad-based financial experience, including over 20 years as a Corporate Director or Chief Financial Officer for several private and public companies. This broad experience has provided Mr. Dorin with significant experience and knowledge in preparing, reviewing, developing analysing and comparing appropriate compensation for many senior roles in a variety of businesses.

Mr. Cosic is a CFA, holds an MBA and currently acts as a Chief Financial Officer and has worked directly in business and finance including other Chief Financial Officer and corporate roles for over 20 years. Mr. Cosic has wide ranging experience and knowledge in compensation matters in numerous businesses and industries.

Mr. Guan is the director of White Compass Pty Ltd. (September 2014 - Present), a trading and consulting company in commodity and art. Previously Mr. Guan was the Chief Representative in China of Metalmin Beijing (2007 - 2014). Mr. Guan has wide ranging experience and knowledge in compensation matters in numerous businesses and industries.

Elements of Executive Compensation

The following elements of compensation are employed to reward the Company's executive officers:

| <u>Element</u> | <u>Purpose</u> |
|---------------------------|---|
| Base Salaries/Fees | Base salaries/fees form an essential component of the Company's compensation strategy as a key to the Company remaining competitive, are fixed and therefore not subject to uncertainty, and can be used as the base to determine other elements of compensation and benefits. | Bonus Payments | <p>The purpose of the Company’s bonus program is to provide executives with the opportunity to receive a cash incentive that is broadly related to the progress of the Company and individual performance.</p> <p>The Company does not utilize a set of formal corporate objective measures to determine bonus entitlements but rather determines bonus payments to executives in specific individual objectives or targets on a case by case basis for each executive officer. The Committee, in making recommendations to the Board in respect of bonus awards, considers the achievement of individual targets or technical milestones. The Company does not focus on any particular key performance metric (KPI).</p> |
| Long-Term Incentives | <p>Long-term incentives are designed to reward long-term executive performance, to aid in the retention of qualified executives and to align executive incentives directly with those of Shareholders by retaining a proprietary interest in the equity of the Company while at the same time not drawing on the cash resources of the Company.</p> <p>The Company does not utilize a set of formal objectives measures to determine long-term incentive grants. Rather such grants are determined on a case by case basis having consideration to such grants previously awarded. There are no specific quantitative or qualitative measures associated with long-term incentive grants, and no specific weights are assigned to any criteria individually. The performance of the Company is broadly considered as a whole when determining long-term incentive awards, if any, and the Company does not focus on any particular performance metric.</p> <p>Subject to approval by the Board, the Company grants long-term incentive awards in the form of stock options.</p> |

Compensation Philosophy and Goals

The Board has the overall responsibility for the Company's compensation program. The Board has delegated certain research and oversight responsibilities to the Committee but retains final authority over the compensation program and process, including approval of material amendments to or the adoption of new equity-based compensation plans and the review and approval of Committee recommendations.

The Committee assesses the individual performance of the Company's executive officers and makes recommendations relating to compensation to the Board. Based on these recommendations, the Board makes decisions concerning the nature and scope of the compensation to be paid to the Company's executive officers. The Committee bases its recommendations to the Board on its compensation philosophy and the Committee's assessment of corporate and individual performance, recruiting and retention needs.

While the Company does not have a formal compensation policy, the guiding philosophy of the Company's executive compensation program is to:

- align the interests of the executives with the interests of the Shareholders by linking their compensation to the performance of the Company;
- establish executive compensation on an individual basis in order to retain within the Company qualified and experienced individuals;
- ensure that compensation is fair and appropriate in the opinion of reasonable Shareholders and that it be established, when deemed reasonable and effective to do so, with reference to the market for similar positions in other comparable mining and exploration companies;
- motivate the Company's management team to continually meet and exceed operating targets without sacrificing the Company's long-term growth or our commitment to the Company's employees' safety, health and the environment, while advancing the Company's strategic objectives of growth through optimization of its current exploration and development activities;
- designate an appropriate portion of compensation "at risk" that is variable and linked to individual, group and/or corporate performance;
- allocate an appropriate portion of variable compensation to equity based awards, aligning interests of the executives directly with those of Shareholders;
- equitably manage compensation so that executives in similar positions and locations are rewarded commensurately;
- reward achievement of business objectives;
- promote effective risk management; and
- effectively communicate goals and calculation methodologies so that they are understood by both executives and Shareholders.

In implementing its compensation philosophy the Committee and the Board are mindful that:

- compensation should be guided by a pay for performance philosophy;

- compensation should be market-competitive to attract and retain the leadership talent required to drive business results;
- compensation should be linked to corporate objectives, and individual performance in achieving those corporate objectives, while not encouraging excessive or inappropriate risk taking in order to maximize shareholder return; and
- compensation should motivate high performers to achieve exceptional levels of performance through rewards tied to performance.

Management of Risk

The Company recognizes that certain compensation programs, both employee and executive, could promote unintended behaviours that may, in certain circumstances, be misaligned with the Shareholders' interests. Such behaviours could be problematic at any level of the organization; however, they could potentially have a greater impact on the entire organization if exhibited by executive officers of the Company. The Company seeks to ensure, through the structure of its compensation programs, that executive actions and decisions align with the interests of the Company and its Shareholders. There are additional risks that the Company is typically subject to; however, this discussion focuses solely on risks linked to the Company's executive compensation programs.

In designing and implementing the Company's compensation policies and philosophy, the Committee and the Board regularly assess the risks associated with the Company's policies and practices. The Committee maintains sufficient discretion and flexibility in implementing compensation decisions such that unintended consequences in remuneration can be minimized, while still allowing the Committee to be responsive to market forces in a competitive environment. Several existing practices assist in the management of compensation risk, including the following:

- mixture of short-term and long-term variable incentive programs, which mitigates the risk of encouraging short-term goals at the expense of long-term sustainability and profitability;
- compensation plans incorporate elements of discretion for the Board thereby permitting adjustments to be made so that payouts are not overly influenced by an unusual result in a given area;
- in exercising its discretion under the bonus plan and stock option plan, the Committee reviews individual and corporate performance taking into account the long-term interests of the Company; and
- results of annual assessments of executives' goals, objectives and performance are reviewed and considered in awarding compensation and discretionary judgment is applied in awarding both discretionary bonuses under the bonus plan and future compensation.

The Company believes the elements of executive compensation are balanced, and do not encourage unnecessary or excessive risk taking. Base salaries are fixed in amount and therefore do not encourage risk taking. While annual incentive awards focus on the achievement of short term or annual goals and short term goals may encourage the taking of short-term risks at the expense of long term results, the Company's annual incentive award program represents a small percentage of employee's compensation opportunities. Annual incentive awards are based on various personal and company-wide objectives, as well as general performance in day-to-day corporate activities which would trigger the award of a bonus payment to the NEO. The determination as to whether a target has been met is ultimately made by the Board (after receiving recommendations of the Committee) and the Board reserves the right to make positive or negative adjustments to any bonus payment if they consider them to be appropriate. Stock option awards are important to further align employees' interests with those of Shareholders. The ultimate value of the awards is tied to the Company's stock price and since awards are staggered and subject to long-term vesting schedules, they help ensure that NEOs have significant value tied in long-term stock price performance.

The Company does not have a policy with regard to executive officer and director purchases of financial instruments designed to hedge or offset a decrease in the market value of the Company's securities held by executive officers and directors. In the event a director or NEO purchases financial instruments that are designed to hedge or offset a decrease in market value of the Company's equity securities granted as compensation or held, directly or indirectly, by the director or NEO, such purchases must be disclosed in insider reporting filings. To date, no such purchases have been disclosed by any director or NEO of the Company.

Peer Group

The Committee, in conjunction with the Board, periodically performs a peer group review for the purposes of assessing the competitiveness of the Company’s compensation programs and policies, establishing target incentives and determining total compensation for each of the executive officers. In 2012, the Company engaged Mercer (Canada) Limited (“**Mercer**”) to provide support to the Committee in assessing the reasonableness of the compensation for the Company’s Canadian executive officers. Mercer’s report, completed in April 2012, detailed comparable companies that are platinum group metals producers, gold mining companies of similar market capitalization or revenue levels to the Company and natural resource companies involved in the acquisition, exploration, financing, development and operation of mineral properties in South Africa. The Company has not engaged an external third party to review compensation since 2012 but after a very detailed review and assessment in 2017 it updated its comparable companies in Q1 2018 as the Committee performed an internal review using similar methodology as Mercer. The following is the list of companies determined by the Committee to be comparable:

- Nickel Creek Platinum Corp. (Formerly Wallgreen Platinum Ltd.)
- Atlatsa Resources Corporation
- Solitario Zinc Corp. (Formerly Solitario Exploration & Royalty Corp.)
- Globex Mining Enterprises Inc.
- Wallbridge Mining Company Limited

The Company believes that these companies represent good comparators of the “market” in which the Company competed for executive talent in 2018. An informal review of other comparable TSX reporting issuers was conducted by the Committee in 2019.

Performance Graph

The following graph compares the cumulative total return to a Shareholder who invested \$100 in Common Shares of the Company on December 31, 2013 until December 31, 2018 with the cumulative total return of the TSX.

Compensation in Relation to Shareholder Return

During the comparative five year period from December 31, 2013 to December 31, 2018, total shareholder return for shares of the Company was negative 75.33%. The overall return to Shareholders has been both positive and negative over the past five years, with a net decrease from January 2014 to today. This return is a direct result of changes in the economic environment in South Africa, and the platinum group metals and other commodity pricing. Further, the fact that the Company did not have any active projects until 2018 reinforced that economic impact. This back drop including the decreasing share price precipitated a change in the entire Board during 2016. Following the proxy contest, the Board hired new executive officers and significantly adjusted the base pay and aligned the incentives to better align executive pay with corporate progress and Shareholder returns. As shown in the table below the new executive officer's base salary were significantly lower with incentive bonuses that were only payable on results and new operations, but in total were still much lower than prior management base salaries.

The current share price continues to reflect the use of the Company's cash resources in 2018. Those resources were invested into the new tailing's retreatment project located at the Company's Crocodile River Mine in South Africa. However, operations only began in late December 2018. During 2019 the Company's work over the past two years including the current production occurring in 2019 is beginning to be reflected in a slightly increased share price.

Incentive Plan Awards

Prior to 2016 the Company granted incentive stock options (the “**Old Options**”) pursuant to its stock option plan last amended and restated as of September 12, 2014 (the “**Original Option Plan**”). At the special meeting of Shareholders of the Company held on October 12, 2016, the Company’s Shareholders approved the Option Plan, which terminated and replaced the Original Option Plan.

Original Option Plan

Historically, the Company granted Old Options pursuant to the Original Option Plan. The Board ceased granting Old Options under the Original Option Plan in October, 2016. All Old Options granted under the Original Option Plan have fully vested. The Company has ceased granting any Old Options and any Old Options that were previously granted under the Original Option Plan are administered by the Board.

The Original Option Plan reserved 7,900,000 Common Shares pursuant to Old Options granted under the Original Option Plan, which represents approximately 8.5% of the current issued and outstanding Common Shares. As of the date hereof, Old Options to acquire an aggregate of 600,000 Common Shares are outstanding under the Original Option Plan, representing approximately 0.6% of the issued and outstanding Common Shares. At this time, no further grants are permitted under the Original Option Plan.

Option Plan

The purpose of the Option Plan is to attract and retain officers, directors, employees and consultants and provides incentives for such persons to put forth maximum effort for the continued success and growth of the Company.

The Option Plan reserves for issuance pursuant to incentive stock options granted under the Option Plan (the “**Options**”), when taken together with Common Shares reserved for issuance pursuant to all of the Company’s security based compensation arrangements, a maximum of 10% of the issued and outstanding Common Shares of the Company. As of the date hereof, Options to acquire an aggregate of 1,475,000 Common Shares are outstanding under the Option Plan, representing approximately 1.6% of the issued and outstanding Common Shares of the Company. Options which have expired, were cancelled or otherwise terminated without having been exercised, and those which have been exercised, are available for subsequent grants under the Option Plan.

Eligible Participants

The Option Plan provides that the Board may, from time to time, grant Options to acquire Common Shares to the Participants.

Exercise Price and Expiry

The Board, or the Committee if so empowered, will determine the exercise price for Options granted. The exercise price must not be less than the five day volume weighted average trading price of the Common Shares on the TSX. An Option terminates at 5:00 p.m. (PDT) on the date determined by the Company and specified in the particular option agreement on which the Option would normally terminate, which date may not be later than ten years after the date of grant.

Insider Participation Limit

The maximum number of Common Shares pursuant to the Option Plan and all other security based compensation arrangements:

- (a) issuable to all insiders, at any time; or
- (b) issued to all insiders, within any one-year period,

must not exceed 10% of the issued and outstanding Common Shares of the Company.

Maximum Issuable to One Person

The Option Plan does not provide for a maximum number of shares which may be issued to an individual pursuant to the Option Plan and any other share compensation arrangement (expressed as a percentage or otherwise).

Vesting

The vesting of Options under the Option Plan will be determined at the discretion of the Board.

Anti-Dilution and Other Adjustments

Under the Option Plan, the Board may make such adjustments to the Option Plan and Options granted thereunder as the Board may in its sole discretion (and without shareholder approval) deem appropriate to prevent the substantial dilution or enlargement of the rights granted to, or available for, holders of Options in the event:

- of any change or proposed change in the Common Shares through subdivision, consolidation, reclassification, amalgamation, merger or otherwise;
- of any issuance, dividend or distribution to all or substantially all the holders of Common Shares of any shares, securities, property or assets of the Company other than in the ordinary course;
- that any rights are granted to holders of Common Shares to purchase Common Shares at prices materially below fair market value; or
- that as a result of any recapitalization, merger, consolidation or otherwise the Common Shares are converted into or exchangeable for any other shares or securities.

No Financial Assistance

No financial assistance will be provided by the Company or its subsidiaries to Participants to facilitate the purchase of Common Shares issuable under the Option Plan.

Transferability

Under the Option Plan, Options are not assignable or transferable by a Participant except, in the event of a Participant's death, the interest of a Participant enures to the benefit of and is binding upon the legal personal representatives of the Participant.

Termination

Upon the death or long term disability of a Participant holding Options under the Option Plan, all unvested outstanding Options held by that Participant will immediately terminate, other than those which would have vested within the one year period following the date of such termination if such termination had not occurred, which options will be deemed to be vested and be exercisable until the earlier of: (i) the original expiry date of the Option; and (ii) one year following the date of death or long term disability.

If a Participant ceases to be a director, officer, employee or consultant of the Company for any other reason, then all outstanding unvested Options held by that Participant will immediately terminate and such Participant shall have the right to exercise part or all of his or her outstanding vested Options until the earlier of: (i) the original expiry date of the Option; and (ii) 30 days following the date of such termination, resignation or cessation of employment.

Black-Out Periods

Under the Option Plan, if an Option expires during a black-out period, the expiry date for the Option is extended for a period of ten business days following the expiry of such black-out period. This provision applies to all Participants under the Option Plan.

Amending the Option Plan

Subject to the requirements of applicable law, rules and regulations, the Board may, without shareholder approval, amend, alter, suspend, discontinue, or terminate the Option Plan at its sole discretion unless it would impair rights of a Participant holding Options under the Option Plan in which case that Participant's consent is required. Further, Shareholder approval is required for amendments that:

- increase the total number of Common Shares available for Options under the Option Plan, unless authorized expressly in the Option Plan;
- reduce the exercise price or extend the exercise period of any Option;
- have the effect of cancelling any Options and concurrently reissuing such Options on different terms;
- otherwise would cause the Option Plan to cease to comply with any tax or regulatory requirement, including for these purposes any approval or other requirement;
- have the effect of amending what type of amendments require Shareholder approval;
- modify or amend the provisions of the Option Plan in any manner which would permit Options, including those previously granted, to be transferable or assignable; assignable otherwise than as provided for in the Option Plan; or
- change the Participants under the Option Plan which would have the potential of broadening or increasing insider participation.

Without limiting the generality of the foregoing, the Board may, without Shareholder approval, make the following types of amendments to the Option Plan:

- amendments of a "housekeeping" nature; or

- a change to the termination provisions of Options which does not entail an extension beyond the original expiry date.

The foregoing summary is subject to and qualified by the provisions of the Option Plan available for review in Schedule "B".

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table provides information as at December 31, 2018 with respect to Common Shares that may be issued under the Original Option Plan and the Option Plan. The Company has ceased granting any Old Options under the Original Option Plan and the Option Plan is now the sole equity compensation plan of the Company.

| Plan Category | Number of Common Shares to be issued upon exercise of outstanding options, warrants and rights (a) | Weighted-average exercise price of outstanding options, warrants and rights (b)(\$) | Number of Common Shares remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c) |

| Equity compensation plans not approved by security holders | - | - | - |
| Total | 2,075,000 | 0.68 | 7,188,903 |

Notes:

- (1) The Original Option Plan provides for the grant of stock options for the purchase of up to 7,900,000 of the issued and outstanding Common Shares.
- (2) The 2016 Stock Option Plan provides for the grant of stock options for the purchase of up to 10% of the issued and outstanding Common Shares.

In 2018 there were 300,000 Options granted under the Option Plan, which resulted in a burn rate of 0.3%, calculated as described in Section 613(p) of the TSX Company Manual with respect to the number of issued and outstanding Common Shares (total number of Options issued in a fiscal year, divided by the weighted average number of outstanding Common Shares for that year). In 2017 there were 1,575,000 Options granted under the Option Plan which resulted in a burn rate of 1.7%, and in 2016 there were 1,100,000 Old Options granted under the Original Option Plan which resulted in a burn rate of 1.2%.

The stock option annual grant rate over the past three years is as follows:

| Year | Number of Common Shares Issued and Outstanding as at January 1 | Number of Options Granted During the Year | Options Granted During the Year as a percentage of issued and outstanding Common Shares for the year |
|------|--|---|--|
| 2018 | 92,639,032 | 200,000 | 0.3% |

The Company's annual burn rate is subject to change from time to time based on the number of stock options granted and the total number of Common Shares issued and outstanding.

CORPORATE GOVERNANCE

The following provides information with respect to the Company's compliance with the corporate governance requirements of the Canadian Securities Administrators set forth in National Instrument 58-101 – *Disclosure of Corporate Governance Practices* and Form 58-101F1 – *Corporate Governance Disclosure*.

Board of Directors

The Company's Board is composed of six directors. At the Meeting the Company proposes to elect six directors (each a "**Nominee**") to the Board.

Majority Voting Policy

The Company has established a majority voting policy. Under the policy, any nominee proposed for election as a director in an uncontested election who receives a greater number of votes withheld than votes in favour of their election must immediately tender his or her resignation to the chairman of the Board. In such circumstances, the Committee will expeditiously consider the director's resignation and (absent exceptional circumstances) make a recommendation to the Board to accept the resignation. The Board will have 90 days from the date of the meeting to make a final decision and will promptly announce that decision (including, if applicable, the reasons for rejecting the resignation) through a news release. Any such resignation will take effect on acceptance by the Board. Any director who tenders his or her resignation will not participate in any meeting of the Board or any committee of the Board at which the resignation is considered. This policy applies only to uncontested elections of directors where the number of nominees is equal to the number of directors to be elected.

Independence

The Board considers a director to be independent if he meets the definition of independence set forth in National Instrument 52-110 – *Audit Committees* ("**NI 52-110**") and if he has no direct or indirect material relationship with the Company which, in the view of the Board, could reasonably be perceived to materially interfere with the exercise of the director's independent judgment.

The independent status of each individual director is reviewed annually by the Board. The Company has a Board that is comprised of a majority of independent directors. Four of the Board's six directors are deemed to be independent, and two are deemed to not be independent, as follows:

| Director | Independence status | Basis for determination regarding independence |
|-----------------|----------------------------|---|
| Diana Hu | Not Independent | Ms. Hu is President and Chief Executive Officer of the Company and, therefore, does not meet the definition of independence set forth in NI 52-110. |
| Nigel Dentoom | Independent | Mr. Dentoom has no direct or indirect material relationship with the Company as defined in NI 52-110. |
| Michael Cosic | Independent | Mr. Cosic has no direct or indirect material relationship with the Company as defined in NI 52-110. |
| George Dorin | Independent | Mr. Dorin has no direct or indirect material relationship with the Company as defined in NI 52-110. |
| Xin (Alex) Guan | Independent | Mr. Guan has no direct or indirect material relationship with the Company as defined in NI 52-110. |
| Bielin Shi | Not Independent | During July and August 2017, Dr. Shi began providing advice and expertise to the Company. Dr. Shi has become the Company's qualified person under National Instrument 43-101 – <i>Standard for Disclosure for Mineral Projects</i> . Dr. Shi receives compensation for these services which is separate and in addition to his compensation for acting as a director. As a result of Dr. Shi's work for the Company as a qualified person, the Board has determined that Dr. Shi has a material relationship with the Company and is not independent. Dr. Shi no longer provides these services to the Company. |

Role of the Chair

The Chair of the Board, George Dorin, is an independent director, as indicated above. The Chair presides at all meetings of the Board and is responsible for the operation and functioning of the Board and for ensuring the Board's effectiveness by encouraging full participation, thorough discussions and by facilitating consensus.

Board and Committee Meetings

The fact that the majority of Board members are independent facilitates the Board's exercise of independent supervision over management. At this time, the independent directors do not hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. However, individual committees meet without management as appropriate and the Board will, in appropriate circumstances, meet separately from non-independent directors and the independent directors will have open and candid discussions among themselves.

The Audit Committee members, all independent directors, routinely meet with representatives of the Company's auditors, without management in attendance, immediately after each regularly scheduled quarterly Audit Committee meeting. After such meetings, if deemed necessary by its members, the Audit Committee will then meet without the auditors and management in attendance.

The following table summarizes directors' attendance at all Board and committee meetings during the year ended December 31, 2018:

Board Mandate

The Board has a written mandate that governs the Board (the “**Board Charter**”). The Board Charter is attached to this Information Circular as Schedule “A”. Additionally, the Board is empowered by governing corporate law, the Company’s Articles and its corporate governance policies to manage or supervise the management of the affairs and business of the Company. The Board carries out its responsibilities directly and through three Board committees, the Audit Committee, the Corporate Governance and Compensation Committee and the Corporate Social Responsibility, Safety, Health and Environmental Committee, each of which operate under a written committee mandate approved by the Board. The Board meets regularly on a quarterly basis and holds additional meetings as required to deal with the Company’s business. Independent directors also meet regularly on Committees without the presence of related directors and management.

Board Assessments

The Board conducts self-assessments as deemed necessary by the Corporate Governance and Compensation Committee or the Board as a whole. This Board was first elected on July 5, 2016 and has had several changes during the year. The Board did conduct a self-assessment review during 2017 and adjusted its compensation in November of 2017 following such review. As part of the ongoing corporate governance review of the Company, the Board expects to conduct an all-encompassing, confidential questionnaire regarding such matters as Board effectiveness, composition, and its relationship with management during 2019. In response to the results of this review, the Board will be able to make appropriate changes to improve Board effectiveness.

Due to its small size, the Board has informally considered the effectiveness of the Board through informal and ad-hoc conversations regarding the matter, including during subcommittee meetings.

Position Descriptions

The Board has adopted written charters for the three Board committees. Brief summaries of the role of the Board committees are provided below. The Board has developed written guidelines for the chair of the Board and each committee. The role of the Chief Executive Officer also has a written position description. The role of the Chief Executive Officer was delineated through industry norms and past practice. The Chief Executive Officer is responsible for carrying out all strategic plans and policies as established by the Board. The Chief Executive Officer is required to report to the Board and advise and make recommendations to the Board. The Chief Executive Officer also facilitates communications between the Board and other members of management, employees and Shareholders.

Director Orientation and Continuing Education

The Board has not developed a formal orientation policy for new directors. The Board has an informal orientation program in which a new director will meet with executive management, the Chair of the Board, the Chair of the Compensation and Corporate Governance Committee and possibly incumbent directors, prior to being invited to join the Board, as well as after being accepted to the Board. Such meetings facilitate the exchange of information, ideas and questions amongst all participants. New directors are provided with written materials both to aid in their familiarization with the Company and to inform them of their obligations as a director. Such information includes governance policies such as the Company's code of business conduct and ethics, whistleblower policy, disclosure policy, committee charters, and also includes corporate information such as financial statements.

At each Board and committee meeting, executive management routinely provides directors with presentations and verbal updates on matters relevant to the Company such as operational issues, market conditions, sales trends, industry issues, competitive conditions, financial position, and strategic considerations. Directors are encouraged to attend and participate in seminars and other continuing education programs, with the cost of such programs being reimbursed by the Company.

The Company ensures that there are informal opportunities for directors to meet with senior members of the Company which offers the opportunity for individual Board members to ask questions and enhance their knowledge and clarify their understanding of various issues, and gain additional exposure to help evaluate the knowledge, capability and conduct of the senior management team.

In order to ensure that directors maintain the skill and knowledge necessary to meet their obligations as directors, the Company encourages its directors to take director education and training courses offered by associations and postsecondary institutions. As a CPA, the Chairman of the Board is required to undertake a minimum amount of Professional Development over a rolling three year cycle. Directors are reimbursed for the expense of these training courses.

Ethical Business Conduct

The Company has a code of conduct and business ethics (the "**Code of Conduct**") which sets out guidelines and expectations regarding conduct on the part of directors, officers and employees of the Company. The Code of Conduct is available on the Company's website at www.eastplats.com as well as on www.sedar.com.

The Code of Conduct contains measures to ensure ethical business conduct, such as policies and requirements regarding insider trading and trading black-out periods.

The Board requires that directors provide disclosure to it of all boards and committees of which they are members and all offices held in other reporting issuers. The Board also requires conflicts of interest to be disclosed to the Corporate Governance and Compensation Committee. In the event that conflicts of interest arise, a director who has such a conflict is required to disclose the conflict and to abstain from voting for or against any decision related to that matter. In addition, in considering transactions and agreements in respect of which a director has a material interest, the Board will require that the interested person absent themselves from portions of Board or committee meetings so as to allow independent discussion of points in issue and the exercise of independent judgment.

The Company has not adopted term limits for individual directors. The Board believes that individuals can continue to remain effective directors beyond a maximum period of service. Without having term limits, the Company has experienced turnover on its Board that has brought directors with new perspectives and approaches. This has complemented the depth of knowledge and insight about the Company and business operations that the Company's long-standing directors have developed over time.

In order to monitor compliance with the Code of Conduct, the Board communicates directly with various members of management periodically throughout the year to keep updated on activities outside of formal Board meetings. Annually, an independent member of the Board visits the South African operations and has informal but direct discussions with various employees throughout the organization.

Diversity

The Board believes in diversity and values the benefits that diversity can bring to its workforce, including its senior management and the Board. The Company believes that its needs are best served by first identifying and screening all fully qualified candidates for leadership roles, in the context of the skills, expertise, and experience which the Board and Company requires for an individual to be effective in their role. However, gender and other forms of diversity are important and valuable considerations in selecting from amongst qualified candidates.

The Board Charter recognizes the benefits of diversity and is committed to achieving and maintaining reasonable diversity among the members of the Board and senior management, considering their skills, experience and qualities, as well as their gender. The Board believes gender diversity is a significant aspect of diversity and acknowledges the role that women can play in contributing to diversity of perspective in the boardroom. Since it is difficult to predict the timing of future hiring and the ability to identify candidates who offer diversity while meeting or exceeding the requirements of specific positions, formal Board or management diversity percentage targets and specific dates by which it is intended that the Company satisfy those targets, have not been established by the Company. The Company currently has a female President, Chief Executive Officer and Director.

The Company's approach to diversity is intended to encourage respect for and appreciation of, diversity in a broad sense, in all leadership roles. Although the Board does not have a formal diversity policy, the Board is considering various diversity measures in its corporate governance practices and will review appropriate options during the next corporate governance review. As of the date hereof, 16.7% (one out of six) of the Nominees is a woman, and 33% (one out of three) of the Company's executive team is a woman.

Nomination of Directors

In order to encourage an objective nomination process, the Board has adopted a formal policy for the recruitment of new candidates to the Board (the "**Advance Notice Policy**"). The Advance Notice Policy's purpose is to provide Shareholders, directors and management of the Company with a clear framework for nominating directors of the Company. The Advance Notice Policy establishes a deadline by which holders of record of Common Shares of the Company must submit director nominations to the Company prior to any annual general or special meeting of Shareholders and sets forth the information that a Shareholder must include in the notice to the Company for the notice to be in proper written form in order for any director nominee to be eligible for election at any annual or special meeting of Shareholders. Typically, the Chief Executive Officer and the Chair of the Corporate Governance and Compensation Committee collaborate in the candidate selection process. When considering potential candidates

for the Board, they take into consideration the areas of expertise in which the Board would realize added benefit through diversity of professional experience and knowledge, the appropriate size of the Board and the ratio of independent to non-independent directors. The Advance Notice Policy requires that nominations of persons for election to the Board may only be made:

- (a) by or at the direction of the Board, including pursuant to a notice of meeting;
- (b) by or at the direction or request of one or more Shareholders pursuant to a proposal made in accordance with the provisions of the Act;
- (c) by any person (a “**Nominating Shareholder**”):
 - (i) who, at the close of business on the date of the giving of the notice provided for in the Advance Notice Policy and at the close of business on the record date for notice of such meeting, is entered in the securities register of the Company as a holder of one or more shares carrying the right to vote at such meeting or who beneficially owns shares that are entitled to be voted at such meeting; and
 - (ii) who complies with the notice procedures set for in the Advance Notice Policy.

Further, the Corporate Governance and Compensation Committee is tasked with making recommendations to the Board in relation to the identification, selection and nomination for election or appointment of the directors of the Company. The Corporate Governance and Compensation Committee, in fulfilling this mandate, gives due consideration to, among other things, achieving and maintaining a reasonable diversity of gender, age, term of service, race, ethnicity, geographical origin and cultural background of the Board as a whole.

The Company has four Board Committees: the Audit Committee, the Corporate Governance and Compensation Committee, the Corporate Social Responsibility, Safety, Health and Environmental Committee, and the Special Committee.

Corporate Governance and Compensation Committee

The Corporate Governance and Compensation Committee assists the Board in fulfilling its oversight responsibilities relating to the governance of the Company, its relationship with senior management, and compensation. The Committee's role includes developing and monitoring the effectiveness of the Company's system of corporate governance, assessing the effectiveness of individual directors, the Board and various board committees, and is responsible for appropriate corporate governance and proper delineation of the roles, duties and responsibilities of management, the Board and its committees. The Committee's role includes maintaining a remuneration and benefits plan for directors, executives and other key employees, and reviewing the appropriateness of that plan in order to support the Company's business objectives and attract and retain key executives. The committee adjusts the plan in response to that review. The Committee also reviews and makes recommendations to the Board regarding the Company's equity compensation plans and grants thereunder. The current members of the Committee are George Dorin (Chair), Michael Cosic and Xin (Alex) Guan, all of whom are independent directors. Each member has direct experience relevant to his responsibilities in executive compensation. The committee meets quarterly and on an ad hoc basis, as required.

Special Committee

The members of the Special Committee are Nigel Dentoom (Chair), Xin (Alex) Guan and George Dorin (non-voting). On advice of legal counsel, the Board at a meeting held September 28, 2018 determined that it was in the best interests of the Company to establish a special committee of its members, to conduct an investigation into a letter from a Shareholder, 2538520 Ontario Limited (the "Complainant"), urging the Company to commence a derivative action under Section 232 and 233 of the Act in relation to a complaint regarding the Framework Agreement dated March 1, 2018 entered into between the Company and Union Goal Offshore Solution Limited. On November 6, 2018, the Company received a petition filed with the Supreme Court of British Columbia, by the Complainant, seeking leave from the court to commence a derivative action on behalf of the Company against certain of its current and former directors in relation to the approval of the March 1, 2018 transaction. The special committee completed an investigation, review and analysis of the allegations made by the Complainant and in December 2018 made a recommendation to the Board that it was not in the best interests of the Company to commence a derivative action as urged by the Complainant and to otherwise oversee and direct the Company's response to the Complainant. As such, the Company has filed its opposition to the petition, sought security for costs and will seek to have this petition dismissed.
